

Long Island Off Road Club, Inc.

Welcome To Long Island Off Road Club – organized, family friendly four wheeling for all skill levels. As an active club, there are many tasks we would like to accomplish.

- 1. Promote the sport of safe and organized four-wheeling. We are members of the Northeast Offroad Vehicle Alliance and support the ideals of Tread Lightly and the Blue Ribbon Coalition.**
- 2. Plan recreational, educational, and social activities for our members and their families.**
- 3. Support and participate in land use and management projects to enhance our public image and preserve the environment. We can achieve this through trail clean ups, adopt-a-road projects, political action and more.**

Club membership dues are \$60.00 annually. We expect all first time applications and payments to be done in person, at a meeting, with your vehicle present and your application filled out. This gives you an opportunity to see our club in action and we can help you determine where your 4x4 fits in our rating system and therefore what runs are suitable.

Prospective members may go on a trail run as a driver or passenger before joining but must attend a meeting first. Please complete an application and present your vehicle for inspection at the meeting.

We want to keep the club and it's activities safe and enjoyable for everyone involved. All members should conduct themselves in a proper and respectable fashion at all times, whether in or out of club activities. All members must follow our rules and by-laws during trail rides and events. Failure to do so may terminate your membership. All members shall hold a valid license and current insurance.

Tire size will not be limited, but remember Tread Lightly principles. In addition, full size rigs may be prohibited from certain trails due to natural size limitations on the trail. As much as possible, we will look for trails that will accommodate all members; we've got big trucks too!

We encourage all family members to participate. Bring the whole gang!! We will plan outings for all ages!!

NO ALCOHOLIC BEVERAGES ON THE TRAIL !!!
PLEASE NO LITTERING !!!
TRUCK OUT MORE THEN YOU TRUCKED IN !!!

Thanks again for your interest in LIOR. We hope you join us for lots of organized for wheeling and give this sport a FUTURE!!!!!!!!!!!!

Long Island Off Road **Requirements**

Many of the trails we will be on are in the wilderness, far away from any repair shop or parts store. We **require** all trucks to be equipped with the following items. Do not go on a run without them. You never know what may happen. Plus we will hold a yearly inspection to make sure all trucks are safe and reliable. Remember if one truck stops, everyone stops. So, let's make the run move as smoothly as possible.

- Trail-worthy tires**
- CB radio**
- Seatbelts or harnesses**
- Full size spare tire**
- Jack that will lift your truck**
- Jackboard or foot**
- Lug wrench**
- Tow hooks front and rear**
- Tow strap (no metal hooks)**
- Battery hold-down**
- Fire extinguisher**
- Tool kit**
- Full tank of fuel**
- Liability insurance**

There are also some items we recommend you have with you. Only you know the condition of your Four Wheeler.

- Spare parts (hubs, ignition, belts, u-joints, assorted hardware)**
- Tree saver strap & shackle**
- First aid kit**
- Axe or saw**
- Shovel**
- Air pump or compressor**
- Tire plug kit**
- Extra fluids (oil, water, gas, ATF, fluids for transference, differential, power steering, brakes)**
- Winch**
- Survival kit**
- Lunch**
- Cell phone**

**Please be responsible. Always watch the truck in front and the truck behind you.
Don't get lost. Leave the trails cleaner than you found them.**

We hope you enjoy your adventures with us!

We have meetings once a month. Please bring your pictures and videos to share with the rest of the club. Also, bring your comments, good or bad. We want to know how we're doing. The meetings are held on the first Tuesday of every month. The monthly trail ride is usually the 3rd full weekend of the month. We will schedule both Saturday and Sunday runs to get everyone out on the trails. Thanks again for your interest in LIOR.

Please review the Trail Ratings listed on our schedule so you know which events are suitable for your rig.

New members must bring their trail rig to a meeting for inspection with their completed application form and dues payment. If this presents an undue hardship please contact the club president.
